

"YOKABA – is a Polish brand of professional cosmetics based on vegan formulas for body and nail care."

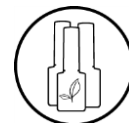

The brand loves conscious care, creates vegan cosmetics, cruelty-free, with a short, proven, and effective composition

Yokaba's competitive advantage over traditional brands:

100% VEGAN

Yokaba's classic nail polishes are based on approximately 80% natural ingredients derived from plants

The PETA certification confirms that Yokaba products are vegan, cruelty-free, and none of the products have been tested on animals

Dermatologically tested products

Cosmetic oils with very high natural origin content (ranging from 88% to 99% depending on the product)

Carefully selected ingredients to exclude or limit allergens (HEMA-free line)

Products dedicated to allergics

High-quality ingredients of European origin

Philosophy of minimalism and ecological lifestyle

Our own laboratory makes everything possible

The production facility is located in Poland, ensuring no issues with supply continuity – production is independent of any foreign supply chain

BYE BYE damaged nails

We say goodbye to damaged nails

BYE BYE REPAIR SYSTEM

Professional Nail Repair Kit

- The treatment is repeated every 7 days
- The treatment lasts a minimum of 4 weeks - if necessary, the treatment can be extended.

After 4 weeks of treatment, we can perform light-cured styling.

Regenerates and nourishes the dorsal layer of the nail plate

- **Increases cohesion**, thereby preventing nail splitting.
- **Speeds up the process of keratinocyte formation**
- **Smooths the nail plate** and the skin around it

Ingredients:

- Silica
- Senkyunolide derived from celery

100% VEGAN

BYE BYE REPAIR SYSTEM - STEP BY STEP

- 1 Disinfect your hands and the client's hands
- 2 Prepare the nails, work on the cuticles
- 3 Clean the nail plate with X-PREP Dehydrator
- 4 Apply Bye 1 to the nail plate using a wooden stick
- 5 Rub/massage the product into the nail plate and the nail fold
- 6 Use the buffer included in the set: polish the product into the nail plate with the green side. Then, buff the nail plate with the white side of the buffer
- 7 Apply 1 layer of the dedicated Bye 2 preparation (without touching the cuticles) - cure for 30 seconds in the Yokaba 48w UV/LED lamp
- 8 Apply a thin layer of Orgin Conditioner, which is included in the set
- 9 Wait for the conditioner to dry
- 10 The treatment can be finished by applying your chosen oil, butter, or hand cream for moisturizing
- 11 After 7 days, remove the Orgin Conditioner by wiping the nails with a cotton pad soaked in Soft Nail Polish Remover

PRODUCT UNDER PATENT
• LEGALLY PROTECTED

MATRIX Nail Repair Treatment

Nail matrix regeneration preparation. Vegan formula containing plant stem cells from narrow-leaved fireweed extract, also known as Northern Dragonhead

100% VEGAN
NO COLOSTRUM
ADDED (beef tallow)

MATRIX - DESCRIPTION

- A product recommended **for the regeneration and rebuilding of nails prone to onycholysis**, which is the separation of the nail plate from the nail bed.
- It **aids in the rebuilding process** and significantly **shortens the recovery period**
- **effectively regenerates weakened nail bed**
- **stimulates natural nail plate growth and increases its thickness**
- **bonds together separated layers** of the nail
- **increases nail plate thickness** by an average of 39.8% after 28 days of regular use twice daily
- It's a low water activity product - **creates an environment unfavorable for the growth of fungi and bacteria**

Recommended for use in cases of nail plate and nail bed separation (e.g., in onycholysis) – supports the rebuilding process, significantly shortening the treatment period – 100% positive responses

Accelerates nail growth – 75% positive response

Suitable for use in cases of **damaged nail matrix** (e.g., with a **cracked nail**) – 100% positive responses

Suitable for **effective regeneration of weakened nail beds** – 100% positive response

Intended for use on **fingernails and toenails** - 100% positive responses

Stimulates natural nail plate growth – 85% positive response

Moisturizes the nail plate - 95% positive responses

Increases nail plate flexibility - 85% positive responses

Nourishes the nail bed by delivering active ingredients - 95% positive responses

Bonds together separated layers of the nail - 75% positive responses

CUTICLE CONTROL

CUTICLE REGENERATION

Cuticle Control - a butter for cuticle regeneration, intensely moisturizing and nourishing.

Scent: orange with cinnamon, vanilla notes.

Ingredients: Emollients - strengthen the protective barrier of the epidermis against frost and wind.

Shea butter - effectively regenerates and nourishes the skin. It is a rich source of vitamins A and E, which delay the aging process of the skin and protect it against free radicals.

Sweet almond oil - soothes and moisturizes the skin.

Cocoa butter - effectively softens, moisturizes, and regenerates the epidermis.

Vitamin E - a powerful antioxidant that neutralizes the action of free radicals and protects against premature skin aging.

100% VEGAN

98% NATURAL INGREDIENTS

NAIL SPA – ORGIN CONDITIONER

Strengthening conditioner for soft and brittle nails.

Natural base containing **AHA acids, vitamin E, squalane, PHA acids, and bamboo extract.**

AHA acid complex begins with **moisturizing, then proceeds to rebuild and nourish**, ultimately **strengthening and hardening** the nail plate.

Supported by PHA acids complex, which simultaneously enhances the **absorption of beneficial ingredients.**

Enriched with vitamin E, a potent antioxidant that **delays aging processes, protects against oxidative stress and cell damage caused by free radicals.** It strengthens the nail plate and shields it from harmful external factors.

Squalane supports the natural protective barrier of the nail plate, improves its elasticity, and smoothens its surface.

Bamboo **extract rebuilds natural keratin** within the nail plate and effectively strengthens nails, preventing brittleness and splitting.

Additionally, it contains **high levels of silica, which supports collagen production and elastin**

15 ml

100% VEGAN

NAIL SPA – SILVER CONDITIONER

Protective nail conditioner with silver particles.

Silver particles **penetrate the nail structure, rebuilding and regenerating it while promoting nail growth.**

Silver possesses **antifungal, antiviral, and antibacterial** properties.

It seals micro-cracks in the nail plate, hardening and deeply moisturizing it. It effectively protects and smoothens imperfections, additionally shielding the nail plate from abrasion and harmful external factors with UV filters.

Enriched with lemon extract and seaweed extract, which reduce yellowing, restore a fresh and healthy appearance to nails, and **activate regenerative processes.**

Added Vitamin E, **a potent antioxidant that delays aging processes, protects against oxidative stress, and cell damage** caused by free radicals.

The formula is complemented by calcium pantothenate, a form of pantothenic acid. It mainly occurs in human cells as coenzyme A, essential in numerous metabolic processes, especially in carbohydrate, fat, and protein metabolism.

Pantothenic acid participates in growth processes, influences nail regeneration, and soothes and combats inflammation.

PURE CLASSIC BASE COAT

- Professional smoothing base for classic nail polish.
- Smooths nail plate imperfections, enhances polish adhesion, and significantly prolongs color durability.
- Formulated with selected natural-origin ingredients. Traditional solvents and plasticizers have been replaced with components derived from sugar beet, sugarcane, and cotton.
- Protects the nail plate from discoloration and yellowing.
- Prolongs the durability of the nail styling

100% VEGAN

15ml

PURE CARE BASE COAT _____

- **Base** for classic nail polishes from the PURE line.
- **Enriched with a blend of plant stem cells, vitamins, and UV filters.**
- **Protects the nail plate** from discoloration and yellowing.
- **Prevents premature aging** of the nails and keratin loss.
- **Prolongs the durability** of the nail styling

100% VEGAN

15 ml

PURE GLOSS TOP COAT

- **Top coat for classic nail polishes** from the PURE line, providing a beautiful shine.
- **The exceptional formula** prevents polish chipping and significantly extends manicure durability.
- Unique formula prevents nail polish from chipping.
- **Easy and clean application**

100% VEGAN

15 ml

PURE SHINE TOP COAT

- **Top coat for classic nail polishes** from the PURE line.
- An innovative product enriched with oligomers, which further hardens under sunlight exposure, extending the durability of the styling.
- New generation acrylic resin and a crystal-clear, gentle formula based on nitrocellulose provide nails with dazzling shine

100% VEGAN

50 ml

15 ml

PURE DROP DRY

- A product that accelerates the drying of classic nail polish.
- Not only does it speed up the drying process of classic nail polish, but it also extends its durability while giving it a beautiful shine.

100% VEGAN

SOFT NAIL POLISH REMOVER

Remover for products from the PURE line Highly effective remover for removing even the most durable nail polishes.

With prolonged contact, it efficiently removes nail polishes with glitter particles, which can sometimes be challenging to clean.

Quickly dissolves layers to facilitate efficient cleaning of the nail plate.

Contains glycerin and D-panthenol, which prevent drying out of the nail plate and surrounding skin. These ingredients moisturize and prevent nail breakage.

Scent: cherry

100% VEGAN

FIRST BOND - PRIMER ACID

Acid primer

- **This product balances pH levels**, deacidifies, and removes moisture from the nail, preparing it for the application of subsequent light-cured or acrylic products.
- **Recommended for problematic nail plates** with high oiliness.
- Its properties enhance adhesion for styling.
- The acid primer is applied sparingly with a brush directly onto the nail plate, avoiding the cuticle area. Only a small amount is needed.
- Absorption and evaporation time for the Acid Primer is approximately 30 seconds. After application, the nail plate is degreased and dehydrated

15 ml

100%

15 ml

FIRST BOND - PRIMER NON-ACID

Non-acid primer

- Recommended for all types of nail plates, even those severely damaged or weakened by prolonged styling.
- Gentler than acid primers, it has a non-acidic formula that does not sting or irritate.
- Strongly bonds the nail plate with hybrid and gel bases.
- Protects the styling from air bubbles and prevents lifting during application

100% VEGAN

NAIL SPA – EXCUTICLES

Cuticle remover

- Effectively speeds up the removal of excess cuticles during manicure treatments.
- The product works in just 30 seconds, softening hardened and tough cuticles around the nails for quick removal.
- Equipped with a convenient dropper pipette for direct and touch-free application.
- Its unique formula and appropriately thick consistency make application easy and enjoyable, ensuring the product stays in place and acts precisely where needed.
- Enriched with glycerin for additional moisturizing benefits

PROFESSIONAL GLAMOUR CREAM

Illuminating body, hand, and foot cream with golden particles

For all skin types.

- 87% of natural origin ingredients
- Contains golden particles that beautifully shimmer on the skin
- With allantoin and shea butter
- Regenerates the skin, leaving it beautifully illuminated
- Enriched with a perfumed scent featuring notes of freesia, blackcurrant, rose, and patchouli
- 250 ml capacity

PROFESSIONAL SEASON BUTTER

INTENSELY MOISTURIZING AND NOURISHING BODY BUTTER.

- **Scent:** orange with cinnamon, vanilla notes or raspberry
- **Ingredients:**
- **Emollients** - strengthen the protective barrier of the epidermis against frost and wind.
- **Shea butter** - effectively regenerates and nourishes the skin. It is a rich source of vitamins A and E, which delay the aging process of the skin and protect it against free radicals.
- **Sweet almond oil** - soothes and intensely moisturizes the skin.
- **Cocoa butter** - effectively softens, moisturizes, and regenerates the epidermis.
- **Vitamin E** - a potent antioxidant that neutralizes the action of free radicals and protects against premature skin aging.

PROFESSIONAL EXFOLIATION SERUM

Serum - softening and exfoliating, for the care of problematic, calloused skin on feet, corns, calluses, elbows, and knees.

- Scent: bamboo

Ingredients:

- **High concentration urea 25%** - with its antiseptic properties, it prevents inflammatory conditions of the skin. Through its keratolytic action, urea breaks down keratin chains, thereby reducing the thickness of the stratum corneum by exfoliating dead skin cells. It is highly hygroscopic, binding and retaining water in the epidermis, thus moisturizing the skin.
- **D-panthenol** - softens the epidermis and improves its elasticity.
- **Passion fruit, lemon, pineapple, and grape extracts** - improve skin hydration. Their AHA acid complex refreshes the skin and gives it a healthy appearance.

- Stimulates skin cell renewal
- Works great for at-home facial and décolletage care. Simply apply every 2 days to damp skin.
- 100 ml capacity

Products for foot care

PODOTHERAPY Podosalt

- **Mineral foot bath salt - intensely softening.**
- **Fragrance: Perfumed - notes of lemon, wild rose, sandalwood.**

Ingredients:

- **20% urea** - ideal for localized regeneration, with **antiseptic and exfoliating properties**. It effectively **removes dead skin cells**, aiding in wound healing and soothing irritations such as itching or burning sensations.

Urea is highly hygroscopic, binding and retaining water in the skin. It improves skin hydration, refreshing it and giving it a healthy appearance.

BURST - STEP BY STEP

- ① Disinfect your hands, put on gloves.
- ② Disinfect the client's feet.
- ③ Prepare the foot file: adhere 60 grit on one side and 120 grit on the other.
- ④ Apply the preparation to a cotton pad (an amount adequate for the skin area).
- ⑤ Place the cotton pad on the callused skin.
- ⑥ Wrap the foot in plastic wrap (wait 3-10 minutes depending on the degree of calluses).
- ⑦ Next, remove the foil and rinse off the preparation with water.
- ⑧ Dry the feet.
- ⑨ Begin by addressing the callused skin with the foot file, starting with the 60/80 grit side, then proceed to the 120 grit side.
- ⑩ To achieve a smoother finish, use a PODODISC with a grit size of 180 or 240.
- ⑪ After completing the treatment, you can massage Renew Foot Cream with silver into the skin of the feet.
